

BUSHRANGER I

ALL THE COMFORTS OF HOME

GOLD

Bushranger I is a great value luxury option. With 4 queen bedrooms, three of which having their own vanity units, the only bathroom queue will be to spend time under the awesome luxury shower head in the spacious shower!

The rear living area has been completely renovated and now boasts two fridges and a long kitchen, allowing plenty of chefs into the kitchen. The dining area is roomy and separates the kitchen

from the comfortable lounge area. The large rear deck accommodates another dining area beside the barbecue. Upstairs there is a covered area over the 8 person spa, dining under the stars and a bar for cocktails while watching the magnificent sunsets.

The easy to start generator is not required all the time. This pet friendly houseboat has a touch of modern luxury while still retaining that relaxing feel. Bushranger I is your refuge on the river.
